

# PROUD TO BE A TEAMSTER

## TRIBUTE TO LABOUR

Throughout North America,  
You see us on the job,  
From Atlanta to Calgary,  
Vancouver to Cape Cod.

You can tell by our crest,  
A team looking together,  
We're the backbone of our country,  
Combined to achieve in making lives better.

We're sisters and we're brothers,  
Working hard for what is fair,  
You can always tell a Teamster by  
that certain pride and care.  
Meeting all the challenges,  
United we stand tall,  
Proud to be a Teamster,  
This is why..... We will never fall.

We're carving out a better life,  
For our loved ones old and young,  
We're giving them advantages,  
That were hard fought and won.

In a moment of reflection,  
I close my eyes and see,  
The dreams our fathers had for us,  
Are now reality.
